## Warren Assails

### Klan, Bigotry

SACRAMENTO, May 24. — (AP) — Governor Warren today took occasion, in proclaiming May 30 as Memorial Day in California, to denounce the Ku Klux Klan.

Urging people of the State to eradicate the "last vestige of bigotry from California," the Governor declared: "Nothing could be more harmful and rob us more quickly of the fruits of our recent victory than to have a revival, either in fact or in spirit, of such organizations as the Ku Klux Klan."

Earl Warren, Governor

State of California

Dear Sir:

1946 JUN 5 AM 10 44

As a former member of the Women of the Ku Klux Klan and one of your most loyal supporters — was this remark of yours necessary? Have you turned coward or are you just joining forces with that "rotter" Kenny?

A disappointed supporter

Mr. Donald I. Frost, Chairman  
Richmond Chapter  
American Veterans Committee  
1334 Merced Street  
Richmond, California

Dear Mr. Frost:

I have your letter expressing the concern of the Richmond Chapter of the American Veterans Committee in regard to recent reports of the revival of the Ku Klux Klan in California, and I can assure you that the reports have been of some concern to me. I think no worse calamity could befall our state or nation than to have a revival of the Ku Klux Klan either in fact or in spirit. If the wave of bigotry that followed World War I were to engulf us again, we would all be robbed of the fruits of our recent victory. Unless we can live at peace and in harmony with our neighbors regardless of creed or race, there can be little hope for the establishment on a firm foundation of the principles of the United Nations to which we look for lasting peace.

Last week the Superior Court in Los Angeles revoked the charter of the Ku Klux Klan, but the organization itself is only a manifestation of the bigotry which we must eliminate in order to prevent a division of our people that will lead to chaos.

I am calling upon every public employee as well as our citizenry at large to give careful thought and attention to the eradication of the last vestige of bigotry in our state. I intend to continue emphasizing the need for such action at every opportunity whenever and wherever possible for I realize that bigotry expresses itself in the thoughts of men as well as in their overt acts.

The beautiful purposes of the United Nations were drafted here in California. We must live in accordance with those principles as an inspiration to the rest of the world. Unless such a spirit prevails, those who gave their lives for us on recent battlefields will have made their sacrifices in vain.

I shall continue to use every means in my power to prevent the revival of the Ku Klux Klan or any other group which lives and thrives on hate and intolerance.

Sincerely,

Dear Sir:

Recent incidents of cross-burning, violence, intimidation and vandalism in southern California point to a revival of the Klu Klux Klan in this state.

We believe that such activities directed against minorities constitute a fundamental threat to the liberties of all the people of California and we hold it is a responsibility of the Governor to endeavor to put a stop to them.

As veterans of a war for freedom and security, we call upon you to use your executive power in mobilizing the authority of the State against these anti-democratic elements which menace life and liberty in California.

Subject: Technocracy's design.

1946 MAY 29 AM 9 42

1. The enclosed clipping is a typical 'protest' against the status quo without the accompanying synthesis to rectify and correct the 'trouble'.
2. We are not affiliated with the KKK in any manner. We happen to be residents of California temporarily in Nevada. As such we are compelled to point out to your office that such indefinite and meaningless phrases as appear in the enclosed clipping have no functions in any effort to adequately solve America's present economic dilemma. Nothing definite will be accomplished by 'protesting' against a small minority group that is well within the framework of America's present Constitution, Amendments, and By-laws. Why waste time and energy in futile protests against the KKK, or for that matter, any other minority group, possibly the CED, PAC, MAM, C of C, AFL, or what have you?
3. Technocracy's design is now demanded by the march of events in America. Such a design, with which your office is undoubtedly quite familiar, would prevent ANY person or group in America from operating in a manner inimical to the GENERAL WELFARE of all Americans everywhere.
4. We understand only too well that there are influences and pressure groups operating to channelize the operating direction of the Governor's Office toward a perpetual maintainance of the status quo. At the same time - the march of events are also exerting an increasingly greater pressure upon the social structure now extant. How long we Americans can tolerate such pressure is now being indicated by the constantly recurring, and increasingly bitter struggle between labor-management groups. That such conditions can continue indefinitely is highly improbable. America is now at the crossroads. A continuation of America's Price System method of governmental control will end in chaos. Are you willing to sit idly by and witness such a condition? If not, we urge that your office publicly declare so. Science or Chaos, which?
5. Technocracy's design is the vehicle required to transport Old America in the New America of abundance. Act voluntarily now instead of waiting for the inevitable collapse of the present Price System. The march of events demands action now.

sincerely

Mr. Governor:

On behalf of the San Francisco Branch, National Association for the Advancement of Colored People, I call upon you to use the resources of your office against the current manifestations of racial and religious hatred by acts of vandalism and attempted intimidation against Negro and Jewish citizens of San Francisco, and their institutions. These acts are typical of, and might properly be attributed to, the Ku Klux Klan. The homes of two Negro families were defaced with the letters, "KKK" and over a recent brief period, several Jewish synagogues were desecrated. The Negroes' homes were those of Mr. Forrest Jeffers, 581 - 25th Avenue, San Francisco 21, and Mr. Boysie Patterson, 1838 Innes Avenue, San Francisco 24.

It is of the utmost importance that the constituted authorities take prompt action against such acts now, while they are in their first stages. Detailed investigation by this organization over a period of several years has shown that action by civil authorities charged with the responsibility of preserving order among the citizenry is often taken too late to prevent widespread civil disorder and tragedy.

You have gone on record as being against the Ku Klux Klan and all for which it stands. We commend you for this. However, we respectfully urge that you implement your statement by the greatest vigilance and vigorous action against this latest menace to the peace and good name of the State of California, and the safety of many of its citizens.

Sir:

As a veteran, a citizen of a nation and state wherein religious freedoms are guaranteed, I find it necessary to address you and to ask you to do your sworn duty to protect my rights as a citizen.

The activity of the Klu Klux Klan in California must be exposed and the citizenry made to know that such flagrant violations of our basic rights will not be tolerated by decent citizens. It is not a matter for vigilant citizens to organize when we have a state government capable of dealing with the situation.

Hence the problem lies squarely with you as chief executive. For every KKK outrage there must be a government apprehension, an indictment and a conviction. And beyond that there must be a thorough cleanup of the KKK at its basis. Root it out!

Further school children under the State department of education must be shown that KKK activity is the same activity that our forefathers have always opposed and that we ahve ourselves just recently fought and defeated.

As a citizen I stand ready to do my share against this menace and appeal to you to make provision that such intentions as mine can be used.

THE DECLARATION OF INDEPENDENCE SAYS that all men are created equal.

BIMINI BATHS SAY that all men are NOT EQUAL.

Bimini Baths is now being sued under Sections 51 and 52 of the California State Law which guarantees civil rights to all people....

The penalty for being guilty is a fine of \$100.00.

We want no Hitler here....

WHAT DID ABRAHAM LINCOLN SAY?

"Let us discard this quibbling about this race or that race being inferior. Let us discard all these things and unite as one people throughout the land declaring that all men are created equal."

"Our defense is the spirit which prizes liberty as the heritage of all men. Accustom yourselves to trample on the rights of others and you will have lost the genius of your own independence and become fit subjects of the first cunning tyrant who rises among you."

Hugh Wilson, Charles Gross, Dexter Doanes, Robert Bennet, Pearl Jackson ---

These Americans were refused admission to Bimini Baths because God, Who has created all men equal, willed that they be born of Negro mothers and fathers.

THE DECLARATION OF INDEPENDENCE SAYS that all men are created equal.

BIMINI BATHS SAY that all men are NOT EQUAL.

Bimini Baths is now being sued under Sections 51 and 52 of the California State Law which guarantees civil rights to all people....

The penalty for being guilty is a fine of \$100.00.

THE INTER-RACIAL FRIENDSHIP COMMITTEE SAYS "This is not enough"..... "WHY?"

In Germany, before Hitler, the fine for this offense was \$200.00.....Did this prevent a Hitler?.....

We want no Hitler here....

WHAT DID ABRAHAM LINCOLN SAY?

"Let us discard this quibbling about this race or that race being inferior. Let us discard all these things and unite as one people throughout the land declaring that all men are created equal."

"Our defense is the spirit which prizes liberty as the heritage of all men. Accustom yourselves to trample on the rights of others and you will have lost the genius of your own independence and become fit subjects of the first cunning tyrant who rises among you."

WHAT DO YOU SAY, MR. EARL WARREN?

You profess to be Republican. You have been offered the Vice-Presidency on the Republican ticket...Why have you faltered in the tradition of Lincoln?

You, as our Governor, as the servant of the people, have so far evaded taking a stand on such issues as these which are spreading throughout our state....

As Governor, you should be aware of these attacks on the liberties of those people upon whom you call for support....

If you are not aware of them, then we call your attention to them now...Call your attention to the case of the PEOPLE vs BIMINI BATHS.. A test case for democracy.

What will you say, Mr. Warren?  
But - more important - what will YOU DO?

Very truly yours,

CLAN CROSSES ARE BURNING IN LOS ANGELES!

Hugh Wilson, Charles Gross, Dexter Doanes, Robert Bennet, Pearl Jackson ---

These Americans were refused admission to Bimini Baths because God, Who has created all men equal, willed that they be born of Negro mothers and fathers.

1946 MAY 29 AM 9 '52

THE DECLARATION OF INDEPENDENCE SAYS that all men are created equal.

BIMINI BATHS SAY that all men are NOT EQUAL.

Bimini Baths is now being sued under Sections 51 and 52 of the California State Law which guarantees civil rights to all people....

The penalty for being guilty is a fine of \$100.00.

THE INTER-RACIAL FRIENDSHIP COMMITTEE SAYS "This is not enough"..... "WHY?"

In Germany, before Hitler, the fine for this offense was \$200.00.....Did this prevent a Hitler?.....

We want no Hitler here....

WHAT DID ABRAHAM LINCOLN SAY?

"Let us discard this quibbling about this race or that race being inferior. Let us discard all these things and unite as one people throughout the land declaring that all men are created equal."

"Our defense is the spirit which prizes liberty as the heritage of all men. Accustom yourselves to trample on the rights of others and you will have lost the genius of your own independence and become fit subjects of the first cunning tyrant who rises among you."

WHAT DO YOU SAY, MR. EARL WARREN?

You profess to be Republican. You have been offered the Vice-Presidency on the Republican ticket...Why have you faltered in the tradition of Lincoln?

You, as our Governor, as the servant of the people, have so far evaded taking a stand on such issues as these which are spreading throughout our state....

As Governor, you should be aware of these attacks on the liberties of those people upon whom you call for support....

If you are not aware of them, then we call your attention to them now...Call your attention to the case of the PEOPLE vs BIMINI BATHS.. A test case for democracy.

What will you say, Mr. Warren?  
But - more important - what will YOU DO?

Very truly yours,

Mr. Earl Warren  
Governor of California.

My dear Governor:

Enclose find an article by Drew Pearson in the *Los Angeles Times* of May 21. Mr. Pearson published a letter written by Mr. Robert Kenny anent the activities of the Ku Klux Klan in California.

I appeal to you in behalf of California's loyal American citizens, regardless of color or creed, that you outlaw this life-destroying, degrading organization. I suggest that you start actions soon, before this un-American organization holds sway over our democratic California.

I am enclosing my letters to Knauer and President Truman, and a copy of this letter to you.

As governor of our state you surely have some power to have the Klan outlawed. If you haven't, why do we need a governor?

I intend to aid in every way possible the thousands of loyal Americans who want the Klan outlawed in America. It is totally un-American to have the Klan (K K K) outlawed in America. We true Americans want none of it. We want the F E P C made a law, and want civil rights for every American citizen regardless of color or creed. We are tax payers and voters, and many of us are home owners.

This man Knauer, I wouldn't dignify him by addressing him a letter. It is contrary to state that only 100 percent white, Gentile Protestants are responsible for the Klan.

It is up to you and our California law makers to show this man Knauer that he is definitely grossly in error.

Most sincerely and seriously yours for America,

Mrs. Blanche Lee Puccirelli

MOST PEOPLE have the idea that the Ku Klux Klan has flourished chiefly in the south. Actually, while it's on the wane in Georgia and Alabama, it appears to be taking new life in California, where the office of the King Kleagle for Los Angeles recently had the effrontery to write an intimidating letter to ex-attorney general Bob Kenny.

It is not often that Klan Kleagles write a signed letter to an important citizen. Most Klan work is anonymous. However, John H. Knauer, national organizer of the Klan, wrote as follows, May 11, from the King Kleagle's office in Inglewood, Calif.:

"Mr. Robert Kenny  
250 North Hope St., Los Angeles  
Sir:

"It has come to our notice that in your state senator campaign propaganda you make the false claim you were responsible for breaking up the Ku Klux Klan in California while you were attorney general of this state. As national organizer for the Klan and under instructions from the California conclave and the Imperial Kleagle in Atlanta, Ga., I am pleased to inform you that the Klan is alive and growing in California and in many other states.

"You tried hard to break up the Klan in California, Mr. Kennedy, but we survived the persecution. All the Jews, Communists, foreigners, Mexican greasers, Negroes and nigger-lovers and most Catholics were on your side but you and this smelly gang will never be able to smash the Klan and what it stands for—real, 100 per cent white, Gentile, Protestant Americanism.

The real Americans are on our side and their number is legion. The great ideals of the Klan are taking firm root in the soil of our national life. Only a few years ago the Ku Klux Klan was denounced and vilified by misleaders like you for trying to advance these truly patriotic ideals. Now our sacrifices are bearing fruit. At long last America is waking up . . .

"As Mr. Westbrook Pegler says, it will soon be open season for all un-Americans."

I intend to aid in every way possible the thousands of loyal Americans in U.S., to have the Klux (K K K) outlawed in America. It is totally un-American. A Fascist organization. We true Americans want none of it. We want the F E P C made a law, and the Barden Bill passed, and want civil rights for every American citizen regardless of race, color or creed. We are tax payers and voters, and many of us are home owners.

This man Knauer, I wouldn't dignify him by addressing him as Mr., has the effrontery to state that only 100 percent white, Gentile Protestants are real Americans.

Mrs. Blanche Lee Puccinelli

John H. Krauter  
Inglewood, Calif.,

The perfidious, tyrannical, impetuous "King Klangle", leader of the contemptible, vicious Fascist organization, the Ku Klux Klan of California.

I read your vile, impudent letter to Mr. Robert Kenny published in Drew Pearson's column of recent date exposing your un-Americanism, and I must say in behalf of all loyal Americans of any race, color or creed, that you and your Klan, including all "Rev." "100 percent white, Gentile Protestant" preachers, men and women, and everyone associated with the K K K who hide their faces behind masks, hoods, and cover their bodies with the intent to disguise and conceal your personality as most criminals do, are trying to destroy all that our founding fathers, whose ancestors were your hated foreigners, originated American democracy.

Your blatant bigotry and cuckoldy and slimy racial intolerance; your flunxes, cowardly, beastly hoodlums, the hoodwinks to all loyal Americans, shall never rule over the citizens of California. You shall never interfere with our constitutional rights. Your benighted organization is totalitarian, therefore totally un-American.

I intend to aid thousands of other true Americans to have the K K outlawed in California and every state in the Union. We do not intend to tolerate your Dark Ages activities any longer.

I am enclosing a copy of this letter with one I am writing to our governor, Mr. Earl Warren, and a copy to President Truman, and to every Governor of every state.

Loyal Americans do not want you and your rats growing on our Constitution and Bill of Rights, so back up and bump as you and your Klan have a "date with destiny."

The Ku Klux Klan is more detrimental to the way of American life than the Communist party, or any other organization. Yes, 100 per cent more detrimental.

Our state and federal prisons are full of your "real 100 percent white, Gentile, Protestant Americans", so are the insane asylums all over the United States of America. However, the Jewish and others who profess to one religion or another rate lower in number of all prison population. The Freethinker, Nationalist and Atheist are about one per cent of all prison population. PERIOD!!!!

I am seriously and determinedly yours for the civil right for all American citizens.  
I am a 100 percent loyal Irish-American citizen.

Mrs. Blanche Lee Puccinelli  
604 E. "D" St., Petaluma, Calif.,

Harry S. Truman  
President of the United States of America,  
Washington, D.C.

My dear President:

Enclose find and article by Drew Pearson published in Press Democrat, Santa Rosa, California, May 21, in which Mr. Pearson exposes John H. Knauer, Inglewood, California, as the "National organizer" of the Ku Klux Klan in California, and as the "King Kleagle" of this un-American organization.

I appeal to you as I do to our Governor, Mr. Earl Warren, and all Governors of every state in the Union, in behalf of all American citizens of any race, color or creed, that you start actions at once against the Ku Klux Klan and have it outlawed in our United

States of America. This bestial organization is composed of Fascists. It makes Hitler's brutality look more like a tea party in comparison.

While I am at it I may as well ask you to put more energy and fight into having the F E P C made a U.S law. I also urge you to fight harder to the passing of the Barden Bill and the Civil Rights Bill. Then take time out to remove Fascism from The Federal Communications Commission office. See to it that the Freethinkers of America have the right to free speech, if they ask for it, over our radio broadcasting system. Why should the religious element monopolize the radio and deny other tax-paying loyal American citizens the right to free speech via air? That is Fascism.

The foreign totalitarian Fascist dictator, Eugenio Pacelli of Rome, would do well if he ordered his stooges in our American government, namely the Joe McCarthys and Francis Spellmans, to start their witch-hunting in Washington, D.C. for their worst enemies; the K K K, and who call themselves Christians, and give roost to the "non-Christian" Communists. There's more danger in the K K K Hitler rule than there is the the Communist Party. And I shall include the KNIGHTS of Columbus activities as being detrimental to our American way of life. Keep our Government Secular. Let the Catholic Church continue to support its schools.

We true Americans demand that our National government continue in the original policy of Separation of Church and State.

So Mr. President, better get busy and forget the next election date, and do your duty NOW while you are in office. If you do, I grant you will be in office as our President longer than F.D.R. was. More power to you.

Respectfully and seriously yours for Secular Government.
